

PLUMBING 101 WORKSHOP

**Monday, Second of each month 6:00 PM
Westwood - In the “Barn” at 59 Hartford Street**

REFRESHMENTS AVAILABLE - DOOR PRIZE

1 1/2 - 2 hour class - \$40 per person

Paid in Advance by check or credit card

What we will cover in our workshop:

- Watch video of actual plumbing service calls with explanations.
- Describe how a properly working plumbing system protects our family’s health and safety.
- Describe the safety precautions you must take prior to making home plumbing repairs.
- List five (5) important local health regulations related to plumbing and tell how they protect health and safety.
- Where are all essential shut off valves in your home?
- Show you how to use ten (10) important plumber’s tools.
- Show and describe the kinds of pipes that are used most often in a plumbing system.
- Show and describe the reason of each of the following: vent and drain pipe, plunger, water meter, water alarm, trap, and various fittings.
- Show how to free up a jammed disposal.
- Demonstrate how various fixtures are used and repaired.
- Demonstrate how to clean an aerator.
- Show how to find out if toilet is leaking.
- Show how to secure a loose toilet.
- Show how to snake a tub, lavatory, kitchen and toilet.
- How to prevent frozen pipes.
- Question and Answers.

CUT-A-WAYS

(available to view how they are made and work)
